13. \_\_\_\_\_ were made that all three of them have been drinking
14. have been drinking vodka for a \_\_\_\_\_ majority of that day

## Discussion

**Discuss the following situations in small groups. Decide what should happen to the people in each situation. Should they go to prison – an adult prison or a young offender's institution? How long for? Or should something else happen?**

1. Sean, 9, brings a gun to school. He shows it to his friends and says, "Nobody messes with me or I use this!"
2. Two teenagers, aged 15 and 16, come to school with two semi-automatic guns and begin shooting people at random. They shoot 5 of their classmates dead and critically wound another 12. The 16-year-old commits suicide before he is captured, the younger boy is caught and arrested.
3. 17-year-old Bobby fatally stabs a shop owner in the town centre in an attempted robbery. The shop owner tried to phone the police during the robbery and Bobby panicked.
4. A 14-year-old boy shoots another 14-year-old member of a rival gang. "I had to do it so that they would let me be in their gang," he says. The victim did not die.
5. A 16-year-old shoots his father dead after the father has a violent confrontation with the boy's mother. "He got what he deserved," says the boy. "My mother has put up with enough abuse already."
6. A 6-year-old boy gets so angry with his younger brother that he sits on him until he stops breathing, shouting "I hate you, I hate you." The brother dies. The 6-year-old told his parents he had had enough of his brother.
